

Mines of the County

Chris Larson arrived from Copperville yesterday and says the mining outlook never looked better in that section before.

Ed. Swope, who is interested in some valuable mining claims in the Mineral Park section, returned Sunday from a short business visit to Los Angeles.

P. McCordel, the U. S. Mineral Surveyor, has just returned from the Gold Basin section, where he has been surveying for patent a group of claims for J. F. Luthy.

I. D. L. Williams of Los Angeles, and Mr. Campbell of Indianapolis, Indiana, influential stockholders of the Boundary Cone, arrived a few days ago and are at present inspecting the workings of the above property.

Dick Muter has gone to Mexico, where he has accepted a position with some mining company in that land of unrest. It is to be hoped that he will fare better than many Americans in that part of the country.

Another big lot of crushing rolls were pulled out to Union Station yesterday morning for shipment to the Frisco mines, at Union Pass. This company will soon have a plant that will be able to handle at least 200 tons of ore daily.

The Rainbow mine, located in the Chloride district, recently shipped 1,000 tons of ore to the Needles Mining and Smelting company with highly satisfactory results. Later on another shipment of 1,000 tons will be made from the same property.

One million dollars in copper bullion from Cananea was crossed to the United States a few days ago at Naco, having been brought to the line the night before. This is the accumulated output since train service was discontinued five or six weeks ago. The Cananea company are only operating four blast furnaces on account of the shortage of fuel.

Ninety thousand dollars has been deposited in a Boston bank by the Old Dominion Copper company to the credit of Charles E. Taylor, of Los Angeles, in full payment for the Taylor group, formerly known as the Barney McCoy group of eighteen mining claims, situated north and east of the Old Dominion and United Globe properties, says the Globe Arizona Record.

A. F. Harris and L. M. Teal are the locators of a group of claims about 25 miles east of Kingman that are destined to be big producers some day if surface indications are a criterion. On one claim the ledge is seven feet wide carrying gold, copper and other minerals. In a shaft 20 feet deep this character of ore prevails throughout, and with depth the owners predict a large deposit of high grade ore.

Several wealthy mining men from the Moctezuma district arrived in Douglas a few days ago to escape unsettled conditions which they say are at present prevailing there. The property holders are continually being pestered by requests for money and provisions for the support of the state forces. So persistent are the requests that they have already become unbearable. Many of the property holders are escaping to the American side of the line, so they say.

The Bisbee Review says that Dr. L. D. Ricketts, president of the Cananea Consolidated Copper company was at Cananea on Sunday where he went to confer with the department heads of the company. Dr. Ricketts returned here in the evening and stated that conditions at Cananea were improving very rapidly and that he did not anticipate any further trouble and expressed himself as being much pleased that the necessity for a complete shutdown of the company works had seemingly been averted.

The Tom Reed Gold Mines Company held their annual Stockholders' meeting at the office of Tarr & McComb last Monday afternoon. They elected new directors who will later hold a meeting in Pasadena and elect their officers for the ensuing year. Chas. Grimes, H. I. Stewart, Chas. Mushrush and son, W. J. Lawrence, Mr. Sprague and Mr. Moerdyke, of Pasadena, were present, as well as S. S. Jones, Superintendent of the company at Oatman. W. J. Lawrence, Chas. Mushrush and son left for Oatman after the meeting, and the rest of the party departed for their homes in Pasadena on the evening train.

S. P. Losses Run Into Millions.

W. J. Barnes, general freight and passenger agent for the Southern Pacific railroad, with headquarters in Tucson, says that the loss of the S. P. railroad since the beginning of the Madero revolution has amounted into the millions of dollars. They are not certain when the railroads into Sonora can be repaired on account of the still unsettled condition existing there.

Among the deep mines of the world is that of the Witwatersrand, on the Rand, South Africa, where ore is now being mined at a depth of 5,000 feet. Other mines on the same great reef are being worked at depths in excess of 4,000 feet, and it is confidently expected that mining will be continued to more than a mile and a half, which will probably be the limit of successful mining. Deeper mines are those of Michigan, where a depth of nearly 6,000 feet vertical has been attained. In the Rand the mines still show exceptional gold values, although the installation of great machinery was made when better values were to be had, which makes possible the working of lower grade ore bodies that were left in the mining of the richer breasts of ore. Nowhere in the world has such a great gold bearing zone been found as the Main Reef series, nor has any other locality been so prolific in production. Had it not been for the Boer war many other mines along the reef would have been in operation today, but the destruction of the plants, costing into the millions of dollars, made it impossible to reequip and reopen these noted wet mines with likelihood of doing so at a profit.

Property Seizure is Now in Progress.

The seizure of property in the state of Sonora by the constitutionalists from people who are in default of taking up their apportionment of the state bond issue has already commenced, on the order of Governor Pesquera from Hermosillo.

In pursuance of such order the state military authorities yesterday seized the big ranches of Mascareñas and Bringas, between Cananea and Nogales, and are driving the cattle they contain to Cananea where they are to be slaughtered and shipped to market. These men were assessed 225,000 pesos each, on account of the bond issue, which they refused to pay, according to statements of the state authorities.

On orders from the governor through Alvarado, 25 state troopers, formerly cowboys, left Caballona today to also round up the cattle on the Morales ranch, south of Agua Prieta. These cattle, it is understood will be brought to Agua Prieta from which place they are to be disposed of.

Advices received here from Campas state that 260 head of cattle have also been seized from the Valdesola ranch south of that place by the state troops, the order for this seizure coming by telegraph from Hermosillo. These cattle are being sold in Camput at auction today.—Bisbee Review.

Best Medicine for Colds.

When a druggist recommends a remedy for colds, throat and lung troubles, you can feel sure that he knows what he is talking about. C. Lower, Druggist, of Marion, Ohio, writes of Dr. King's New Discovery: "I know Dr. King's New Discovery is the best throat and lung medicine I sell. It cured my wife of a severe bronchial cold after all other remedies failed." It will do the same for you if you are suffering with a cold or any bronchial, throat or lung cough. Keep a bottle on hand all the time for everyone in the family to use. It is a home doctor. Price 50c and 1.00. Guaranteed by H. H. Watkins.

Advised Letters

The following letters remain uncalled for in the Postoffice at Kingman, Ariz., for the week ending May 3, 1913. If not called for within two weeks will be sent to the Dead Letter office, Washington, D. C.

Mr. Samuel T. Ryan, Mrs. Lizzie Stouse, Mr. Asa Underwood, J. J. Marshall, Mr. Thomas Kelly, Mr. Dan Gillin, Mr. A. D. Clark, Mrs. Rose Christopher, Fred Basler, Rev. J. M. Ocheltree.

Parties calling for letters please say advertised.

J. N. COHENOUR,
Postmaster.

Kingman M. E. Church.

Clyde W. Deming, Pastor.
10:30 a. m., Sunday school.
Mrs. A. L. Tilton, Supt.
7:30 p. m. church service. All cordially invited.

A man living at Auburn, New York, had a severe attack of kidney and bladder trouble. Being a working man, not wanting to lose time, he cured himself completely by using Foley Kidney Pills. A year later he says: "It is a pleasure to report that the cure was permanent." He has had no return whatever of the pain, backache and burning. His name is J. A. Farmer, and he says: "Of course I recommend Foley Kidney Pills as a very effective cure for kidney and bladder trouble." H. H. Watkins, Druggist.

Articles of Incorporation OF THE California Nevada Exploration Company.

KNOW ALL MEN BY THESE PRESENTS: That we the undersigned, a majority of whom are citizens and residents of the State of California, have this day voluntarily associated ourselves together for the purpose of forming a corporation under the laws of the State of California.

AND WE HEREBY CERTIFY: FIRST.

That the name of said corporation shall be, the "CALIFORNIA NEVADA EXPLORATION COMPANY."

SECOND.

That the purposes for which it is formed are: 1. To acquire by purchase, lease, location or otherwise; to own, hold, improve, work, develop, use, lease, let, mortgage, convey, and sell mines, mining claims, mineral lands, and all other kinds of real property, both in the State of California, and in any other States. 2. To buy and sell gold, silver, lead, copper, zinc, and all other kinds of ores, metals and minerals; to construct and erect buildings, tramways, power plants for generating and transmission of electricity and steam; to construct road ways, and private railways for conveying and transporting ore and other kinds of materials and property from the mines and property of said corporation to points of shipment and reduction. Also to construct, own, maintain, lease, let and sell pipe lines, conduits of all kinds, and to acquire rights of way for the purpose of constructing and maintaining the same. Also to buy and sell all kinds of merchandise, electrical power, water power and steam power; to sell and distribute water and fuel, also to build, rent, lease and sell buildings, machinery and mining equipment. 3. To engage in the business of mining to smelt and concentrate, and otherwise treat minerals and all by-products thereof, to manufacture and transport the same, and to do all things and acts necessary and convenient to the development of mines and mineral lands, and to make the products therefrom marketable. 4. Also to buy, sell and mortgage stock and bonds of other corporations, also to sell, mortgage and otherwise dispose of all kinds of property both real and personal.

THIRD.

That the place where the principal business of said corporation is to be transacted is the City of Pasadena, County of Los Angeles, State of California.

FOURTH.

That the term for which the said corporation is to exist is fifty (50) years from and after the date of its incorporation.

FIFTH.

That the number of directors of said corporation shall be five and the names and residences of those who are appointed for the first year, or to serve until the election and qualification of their successors are as follows:

Name	Residence
Andrew Leuzinger,	Hyde Park, California,
E. E. Orrin,	Pasadena,
Wilkie P. Garrison,	"
Albert G. Hopkins,	"
J. D. Jones,	"

SIXTH.

That the amount of the capital stock of said corporation is Two Million (\$2,000,000.00) Dollars, and the number of shares into which it is divided is two million (2,000,000) of the par value of One (\$1.00) Dollar each.

SEVENTH.

That the amount of said capital stock which has been actually subscribed is Five Hundred (\$500.00) Dollars, and the following are the names of the persons by whom the same has been subscribed:

Name	No. of shares.	Amount.
Andrew Leuzinger,	100	\$100.00
E. E. Orrin,	100	100.00
Wilkie P. Garrison,	100	100.00
Albert G. Hopkins,	100	100.00
J. D. Jones,	100	100.00

IN WITNESS WHEREOF we have hereunto set our hands and seals this day of October, 1910 (Seal)

WILKIE P. GARRISON.
E. E. ORRIN.
ANDREW LEUZINGER.
J. D. JONES.
ALBERT G. HOPKINS.

STATE OF CALIFORNIA, ss.

County of Los Angeles.

On this 5th day of October in the year one thousand nine hundred ten before me, Edwin F. Hahn, a Notary Public in and for said County of Los Angeles, State of California, personally appeared Albert G. Hopkins, known to me to be the person whose name is subscribed to the within and annexed instrument and acknowledged to me that he executed the same.

IN WITNESS WHEREOF I have hereunto set my hand and affixed my Official Seal the day and year above written.

(Seal) EDWIN F. HAHN,
Notary Public in and for Los Angeles County, California.

STATE OF CALIFORNIA, ss.

County of Los Angeles.

On this 5th day of October in the year nineteen hundred and ten, before me, N. T. Horton, a Notary Public in and for the said County of Los Angeles, State of California, residing therein, duly commissioned and sworn, personally appeared Wilkie P. Garrison, E. E. Orrin and J. D. Jones, known to me to be the persons whose names are subscribed to the within instrument, and acknowledged to me that they executed the same.

IN WITNESS WHEREOF I have hereunto set my hand and affixed my official seal the day and year in this Certificate first above written.

(Seal) N. T. HORTON,
Notary Public in and for County of Los Angeles, State of California.

STATE OF CALIFORNIA, ss.

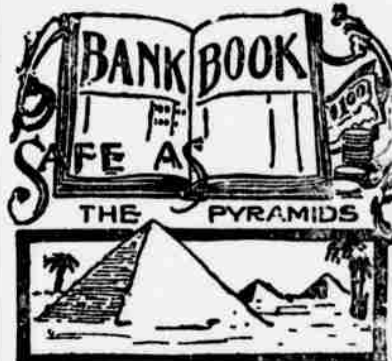

County of Los Angeles.

On this 5th day of October A. D. 1910 before me, R. H. Pinney, a Notary Public in and for the said County and State, residing therein, duly commissioned and sworn, personally appeared Andrew Leuzinger known to me to be the person whose name is subscribed to the within instrument, and acknowledged to me that he executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this Certificate first above written.

(Seal) R. H. PINNEY,
Notary Public in and for said County and state of California.
First insertion May 37 June.
